Quick Start Guide

ClinicalKey Student is an interactive education platform that enhances the learning experience with tools tailored to develop and assess your students' knowledge and understanding. Follow these simple steps to get started.
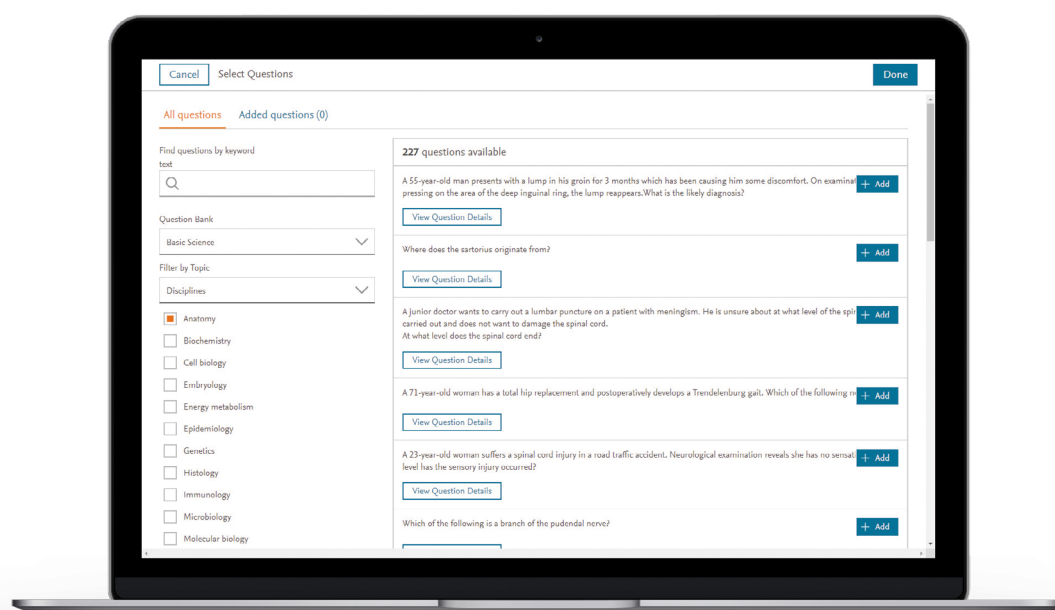

1 Create your account

- Go to your library page www.elibrary.taibahu.edu.sa/resolve
- Look for ClinicalKey Student www.clinicalkey.com/student , you will be requested to login
- If you have an account with another Elsevier product (e.g. ClinicalKey, ScienceDirect, Scopus), you can use these credentials to log in to ClinicalKey Student
- No Elsevier profile? Click 'Register' to create your personal account

2 Getting started...

- Designate a specific name that relates to your course
- Filter questions on specific keywords or selecting from one of the multiple topics
- Preview individual questions before you add them to the assessment
- Assign to individual students by clicking 'Edit Assignees'
- Set the 'available' and 'due' date range

Tip: All students in your course are assigned by default

3 Tracking results

- Click the 'Assessment' tab on the home page
- Select either 'Upcoming' (in progress assessments) or 'Previous' (completed assessments)
- Select 'View student scores'

Tip: Content to support students in areas they are struggling with can be found by clicking on 🔍

4 Share content with students

- Search for an anatomical structure or medical condition
- Filter by type to view related book, image and video content
- Narrow search results by specialty to identify relevant content
- Select a book chapter and click the 🔗 to copy a link and paste it into your lecture material

Tip: Quick access summaries are available to help students get to grips with key medical conditions
